In presenting this 1971 edition of the Golden Warrior, we hope that we have succeeded in our efforts to make it a book filled with many good memories. We hope that the scenes in this book will hold special meaning or memory to each and every one who looks through its pages. We hope you will enjoy it as much as we have enjoyed presenting it to you.

To our sponsor, Mrs. Daisy Cook, we wish to express our appreciation and thanks for her patience and guidance in helping us with this presentation of the yearbook. We also want to thank the students, faculty, and merchants for making this book that it is.

We, the staff, give to you the 1971 Golden Warrior.

Faculty

I want to congratulate the sponsor and the group of students who have produced this annual; it indicates a job well done.

To the seniors this annual will represent the closing of a door on the past year's work and fun and will encourage you to open the next door to the future.

To all the students of the Sanger Schools, as you place your footsteps into next year, this annual will have recorded activities, friends, and memories of the past which will provide a possession of wonderful dreams for the future.

To the teachers and students; you have been great.

Herbert E. Arledge,  
Superintendent

*Board of Trustees*

Dear students and faculty,

It is a pleasure to be working with you this year at Sanger High and to have a part with you in developing a solid, comprehensive program.

It is our desire that each of you will find here the friendships, joys, challenges; the wisdom and knowledge that will contribute to true happiness throughout our lives after your days at Sanger are concluded. Hopefully, you will have gained a solid foundation and broad background to insure success in your chosen profession or vocation.

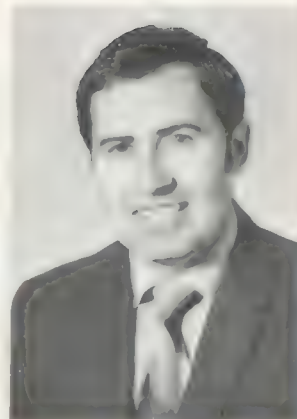

Continue to put your best efforts and interest in Sanger High and you will develop a school that you can always feel proud to have been a part.

May you always have a reason to remember this year as one of your finest.

Sincerely yours,

Dale Robbins

# Elementary Principal's Message

It is always a privilege to express my feelings to the staff of the Golden Warrior. Each year it seems that our local educational system grows bigger and better through the joint efforts of parents, students, and teachers. I feel that the Annual Staff of 1971 has played a significant role in making our school a better place. My greatest wish for you is that you continue to carry out the traditions of loyalty, mature behavior, and moral integrity that you have shown during this year.
